Genre Across The Curriculum:

Genre Across The Curriculum Anne Herrington, Charles Moran, 2005-02-24 Genre across the Curriculum will function as a good textbook one not for the student but for the teacher and one with an eye on the context of writing Here you will find models of practice descriptions written by teachers who have integrated the teaching of genre into their pedagogy in ways that both support and empower the student writer While authors here look at courses across disciplines and across a range of genres they are similar in presenting genre as situated within specific classrooms disciplines and institutions Their assignments embody the pedagogy of a particular teacher and student responses here embody students prior experiences with writing In each chapter the authors define a particular genre define the learning goals implicit in assigning that genre explain how they help their students work through the assignment and finally discuss how they evaluate the writing their students do in response to their teaching *Everyday Genres* Mary Soliday, 2011-02-07 Mary Soliday calls on genre theory which proposes that writing cannot be separated from social situation to analyze the common assignments given to writing students in the college classroom and to investigate how new writers and expert readers respond to a variety of types of coursework in different fields This in depth study of writing pedagogy looks at many challenges facing both instructors and students in college composition classes and offers a thorough and refreshing exploration of writing experience ability and rhetorical situation *Genre Pedagogy Across the Curriculum* Luciana C. De Oliveira, Joshua Iddings, 2014 This volume provides the most recent scholarship using a theory of genre emerging from Systemic Functional Linguistics It describes both theoretical and practical applications of a language based curriculum from elementary through to university level within a U S context While there are other genre based pedagogies in the U S SFL based genre pedagogies illuminate the importance of language and linguistic choice within the curriculum aiming to make these choices explicitly understood by scholars teachers and students Each chapter shows how this pedagogy can be adapted and used across many different disciplines and student age groups This volume will be of interest to postgraduate students and scholars of functional linguistics discourse analysis educational linguistics genre studies and writing theory and pedagogy Genre Explained Christine Tardy, Nigel A. Caplan, Ann Johns, 2023-03-20 Genre Explained presents accessible research grounded answers to 40 questions that teachers frequently have about genre based writing instruction *Teaching Writing Genres Across the Curriculum* Susan Lee Pasquarelli, 2006-06-01 This volume showcases the efforts of real teachers using the teaching events from real middle school classrooms Included is the work of eight hard working middle school teachers who are convinced that the form and function of genre is a way to teach writing across the middle school curriculum Each chapter contains sample lessons protocols classroom instructional materials and assessment tools to provide middle school teachers with an approach to explore rigorous expository writing instruction in their own classrooms **Genre, Practice, and the Composition Classroom** Meghan E. Bacino, 2008 *Exploring Genre*, 1990 Genre Studies Around the Globe Natasha

Artemeva,2016-03-13 Genre Studies around the Globe Beyond the Three Traditions exemplifies rich and vibrant international scholarship in the area of non literary genre studies in the early 21st century Based on the Genre 2012 conference held in Ottawa Canada the volume brings under one cover the three Anglophone traditions English for Specific Purposes the Sydney School Rhetorical Genre Studies and the approaches to genre studies developed in other national linguistic and cultural contexts Brazilian Chilean and European The volume contributors investigate a variety of genres ranging from written to spoken to multimodal and discuss issues central to the field of genre studies genre conceptualization in different traditions its theoretical underpinnings the goals of genre research and pedagogical implications of genre studies This collection is addressed to researchers teachers and students of genre who wish to familiarize themselves with current international developments in genre studies Genre and the Language Learning Classroom Brian Paltridge,2001 An analysis of how a curriculum based on communicative events can enhance learning in the language classroom Word ,1989 **Genre Theory** Deborah Dean,2008 Contemporary genre theory is probably not what you learned in college Its dynamic focus on writing as a social activity in response to a particular situation makes it a powerful tool for teaching practical skills and preparing students to write beyond the classroom Although genre is often viewed as simply a method for labeling different types of writing Deborah Dean argues that exploring genre theory can help teachers energize their classroom practices Genre Theory synthesizes theory and research about genres and provides applications that help teachers artfully address the challenges of teaching high school writing Knowledge of genre theory helps teachers challenge assumptions that good writing is always the same make important connections between reading and writing eliminate the writing product process dichotomy outline ways to write appropriately for any situation supply keys to understanding the unique requirements of testing situations and offer a sound foundation for multimedia instruction **Academic Writing and Genre** Ian Bruce,2008-04-07 The focus of this book is the use of genre based approaches to teaching academic writing Genre based courses enable second language learners to integrate their linguistic organisational and contextual knowledge in a variety of different tasks The book reviews pedagogical approaches to genre through English for Specific Purposes and Systemic Functional Linguistics to present a synthesis of the current research being undertaken in the field From this theoretical base Ian Bruce proposes a new model of genre based approaches to academic writing and analyses the ways in which this can be implemented in pedagogy and curriculum design Academic Writing and Genre is a cutting edge monograph which will be essential reading for researchers in applied linguistics **University Writing in Central and Eastern Europe: Tradition, Transition, and Innovation** Mădălina Chitez,Claudia Ioana Doroholschi,Otto Kruse,Łukasz Salski,Dumitru Tucan,2018-09-10 This book explores specific issues related to academic writing provision in the post communist countries in Eastern Central and Southern Europe Although they have different cultures and writing traditions these countries share common features in what regards the development of higher education and research and encounter challenges different from

Western European countries Since academic writing as a discipline is relatively new in Eastern Europe but currently plays an essential part in the development of higher education and the process of European integration the volume aims to open discussion on academic writing in the region by addressing several issues such as the specific challenges in providing academic writing support at tertiary level in post communist countries the limitations and possibilities in implementing Western models of academic writing provision or the complex interactions between writing in national languages and writing in a second language Additionally the book presents several recent initiatives and possible models for providing academic writing support in universities in the area The important role of academic writing in English a common feature in post communist countries is reflected in the sections which focus on writing in English as a foreign language as well as on the impact of English upon national languages The volume will be of interest to academic writing researchers and teachers and those involved in teaching academic writing at the tertiary level

Working with Student Writers Leonard A. Podis, JoAnne M. Podis, 2010 This revised expanded collection provides practical and theoretical knowledge for undergraduate writing associates and graduate teaching assistants Unlike similar collections this volume is comprised largely of pieces authored by tutors themselves offering hands on advice for current classmates and future tutors thus the volume highlights specific issues that arise when writing associates and novice teachers actually attempt to practice their craft When used in pedagogy courses the essays can serve both as sources of instruction about tutoring and teaching and as models for students own course papers This edition incorporates fifteen new essays to complement the best selections from the first edition

Working Papers in Language & Linguistics, 1988 **Teaching Grammatical Metaphor** Devo Yilmaz Devrim, 2015-10-28 This book recounts the ways in which grammatical metaphor GM has evolved in SFL theory discusses the research studies that explored the development of GM in language development and language education contexts and presents various ways of providing written feedback to English as an additional language EAL students drawing on the Sydney School s genre pedagogy and Vygotsky s notion of zone of proximal development ZPD As such it is a valuable resource for linguists educational linguists lecturers researchers and higher degree research students and will be constructive for language programmers unit course designers teacher educators language teachers and pre service teachers

On Second Language Writing

Tony J. Silva, Paul Kei Matsuda, 2001 *On Second Language Writing* brings together internationally recognized scholars in a collection of original articles that collectively delineate and explore central issues with regard to theory research instruction assessment politics articulation with other disciplines and standards In recent years there has been a dramatic growth of interest in second language writing and writing instruction in many parts of the world Although an increasing number of researchers and teachers in both second language studies and composition studies have come to identify themselves as specialists in second language writing research and teaching practices have been dispersed into several different disciplinary and institutional contexts because of the interdisciplinary nature of the field This volume is the first to bring together prominent second language writing specialists to systematically address basic issues in the field and to consider the state of the art at the end of the century and the millennium

Reading Poverty Patrick Shannon, 1998 A provocative look at how social political and economic contexts inform the literacy education field

Education, Entertainment, and Learning in the Home David Buckingham, Margaret Scanlon, 2003 This book is based on an extensive research project investigating the developing market in educational materials designed for use in the home It considers the characteristics of edutainment in children s information books pre school magazines and CD Roms It discusses the economic forces at work in the production and marketing of these media and the rhetoric of the sales pitches Also it considers how parents and children use them in the home
