Genteel Pagan Genteel Pagan:

Genteel Pagan Roger Austen,1991 A biography of a homosexual writer by a gay literary historian this book offers not only the first published life of Charles Warren Stoddard 1843 1909 but also a wealth of new material on the formation of gender roles in late 19th century America *Queer Compulsions* Amy H. Sueyoshi,2012-02-29 In September 1897 Yone Noguchi 1875 1947 contemplated crafting a poem to his new love western writer Charles Warren Stoddard Recently arrived in California Noguchi was in awe of the established writer and the two had struck up a passionate correspondence Still he viewed their relationship as doomed not by the scandal of their same sex affections but their introverted dispositions and differences in background In a poem dedicated to his dearest Charlie Noguchi wrote Thou and I O Charles sit alone like two shy stars east and west While confessing his love to Stoddard Noguchi had a child future sculptor Isamu Noguchi with his editor L onie Gilmour became engaged to Washington Post reporter Ethel Armes and upon his return to Japan married Matsu Takeda all within a span of seven years According to author Amy Sueyoshi Noguchi was not a dedicated polyamorist He deliberately deceived the three women to whom he either pretended or promised marriage while already married She argues further that Noguchi s intimacies point to little known realities of race and sexuality in turn of the century America and illuminate how Asian immigrants negotiated America s literary and arts community As Noguchi maneuvered through cultural and linguistic differences his affairs additionally assert how Japanese in America could forge romantic fulfillment during a period historians describe as one of extreme sexual deprivation and discrimination for Asians particularly in California Moreover Noguchi s relationships reveal how individuals who engaged in seemingly defiant behavior could exist peaceably within prevailing moral mandates His unexpected intimacies in fact relied upon existing social hierarchies of race sexuality gender and nation that dictated appropriate and inappropriate behavior In fact Noguchi Stoddard Gilmour and Armes at various points contributed to the ideological forces that compelled their intimate lives Through the romantic life of Yone Noguchi *Queer Compulsions* narrates how even the queerest of intimacies can more provocatively serve as a reflection of rather than a revolt from existing social inequality In unveiling Noguchi s interracial and same sex affairs it attests to the complex interaction between lived sexualities and socio legal mores as it traces how one man negotiated affection across cultural linguistic and moral divides to find fulfillment in unconventional yet acceptable ways *Queer Compulsions* will be a welcome contribution to Asian American gender and sexuality studies and the literature on male and female romantic friendships It will also forge a provocative link between these disciplines and Asian studies **English Synonyms**

English Synonyms Explained George Crabb,1882 **English Synonyms Explained in Alphabetical Order: with Copious Illustrations and Examples Drawn from the Best Writers** George Crabb,1884 **Culture and Civilization** Gabriel R. Ricci,2013-01-23 This volume of Culture and Civilization focuses on cosmopolitanism, the global polity and political ramifications of globalization. The introduction by Gabriel R. Ricci establishes context and provides an overview of the entire work. Topics include the history of globalization, climate change, policy, ecological consequences of development, concepts of civilization, human rights, Eastern thought and economics, global citizenship and travel writing. Within this collection, Carl J. Strikwerda argues that the first era of globalization in modern times was marked by global migrations, patterns, Pablo Iannone's history of the Andean oil rush and its ecological consequences looks at the processes of development. Brett Bowden argues that civilization entails both progress and war. J. Baird Callicott provides a philosophical analysis of a moral theory that accommodates spatial and temporal scales of climate change. Sanjay Paul analyzes the United Nations Global Compact and Ed Chung discusses the role of economic theory in business schools. Colin Butler reflects on E. F. Schumacher's Buddhist Economics while Taso Lagos relates parallel polis to the idea of global citizenship. Tony Burns examines the ways in which Aristotle, Hegel, and Kant have been interpreted. Finally, Adam Stauffer explores Charles Warren Stoddard's work *South Sea Idyls*. This volume of Culture and Civilization, the first under Ricci's editorship, follows the tradition of the previous four volumes, developing critical ideas intended to produce a positive intellectual climate, one that is prepared to confront challenges and alert us to the opportunities for people in all fields and of all faiths of the twenty-first century.

The Sexual Tensions of William Sharp Terry L. Meyers,1996 By the time he died in 1905, the Scottish writer William Sharp had succeeded as critic, biographer, poet, and novelist. Writing secretly, he also achieved fame as Fiona Macleod, a poet singled out by Yeats for her role in the Celtic revival. Two important lost works bearing on Sharp's creation of Fiona Macleod are printed here for the first time: *Ariadne in Naxos*, a tragedy inspired in part by Swinburne's *Atalanta in Calydon*, and *Beatrice*, an idyllic poem. The author introduces both works in the context of Sharp's life, showing how they highlight the sexual uncertainties Sharp felt as he contemplated marriage and how they foreshadow the birth of Fiona Macleod during the 1890s, the period when Sharp himself suffers a sexual identity crisis. Meyers uses gay and gender studies to examine Sharp's place in the late Victorian crucible for modern constructions of sexual roles.
