Dupes How Americas Adversaries Have Manipulated Progressives For A Century:

Dupes Paul Kengor,2023-06-27 In this startling intensively researched book bestselling historian Paul Kengor shines light on a deeply troubling aspect of American history the prominent role of the dupe From the Bolshevik Revolution through the Cold War and right up to the present many progressives have unwittingly aided some of America s most dangerous opponents Based on never before published FBI files Soviet archives and other primary sources Dupes exposes the legions of liberals who have furthered the objectives of America s adversaries Kengor shows not only how such dupes contributed to history s most destructive ideology Communism which claimed at least 100 million lives but also why they are so relevant to today s politics

A Patriot's History of the United States Larry Schweikart,Michael Allen,2014-11-25 For the past three decades many history professors have allowed their biases to distort the way America s past is taught These intellectuals have searched for instances of racism sexism and bigotry in our history while downplaying the greatness of America s patriots and the achievements of dead white men As a result more emphasis is placed on Harriet Tubman than on George Washington more about the internment of Japanese Americans during World War II than about D Day or Iwo Jima more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin A Patriot s History of the United States corrects those doctrinaire biases In this groundbreaking book America s discovery founding and development are reexamined with an appreciation for the elements of public virtue personal liberty and private property that make this nation uniquely successful This book offers a long overdue acknowledgment of America s true and proud history

The Communist Paul Kengor,2012-07-17 Is Obama working to fulfill the dreams of Frank Marshall Davis a card carrying member of the Communist Party USA That question has been impossible to answer since Davis s writings and relationship with Obama have either been deliberately obscured or dismissed as irrelevant With Paul Kengor s work Americans can finally weigh the evidence and decide for themselves

Resistance Is Futile! Ann Coulter,2018-08-21 Since the day Donald Trump announced his presidential campaign the left has waged a demented war against him Liberals used to pride themselves on their ultra hipness but Trump has turned them into weeping little girls in pink party dresses The very people who once mocked right wingers for allegedly overreacting to every little thing are now the ones hyperventilating and hatching insane conspiracy theories During the campaign and even more so after his victory the left went nuts Everything Trump does sends them into a moral panic Everything is a constitutional crisis Members of the self proclaimed Resistance journalists politicians professors judges comedians movie stars Twitter pundits even Oprah and Lindsey Vonn are literally shaking because Trump is literally Hitler Now Ann Coulter skewers the various elements of The Resistance the pussy hat brigade the Russian collusion witch hunters the media alarmists the campus hysterics and more They talk about Russia They re the ones meddling with our democracy by trying to overturn the results of the election with their relentless attacks The biggest result of the Trump era may be our cultural institutions total loss of credibility

Bad Samaritans Jerome R. Corsi,2013-04-23 A

battle cry to rise up against the ACLU's attempts to destroy our freedom of religion from the #1 New York Times bestselling author of *The Obama Nation* Liberty in America has always depended upon one thing a citizenry who believes in God Our founding fathers understood that without faith in God rights and morality could not last Without religion true freedom cannot long endure So for those who seek to take those rights away transferring the gifts given by God to the individual back to the control of a secularist state belief in God is the first tie to be severed Since the 1920s a battle has waged across America between radical leftists of the ACLU and those who would keep America true to its inception as one nation under God *Bad Samaritans* is bestselling author Jerome Corsi's explosive look into the history of ACLU and its radical agenda to separate America from its religious roots and remake our nation in its own atheistic image Told in a straightforward no nonsense style Corsi lays out the history of this struggle its communist roots and the court cases that are serving to slowly erode the foundations of our freedom Today we see the fruits of the ACLU's master plan a culture flooded with pornography placing little worth on the value of a human life and one in which protection and special treatment seem to exist for everyone except those of a Judeo Christian background *Bad Samaritans* looks behind the headlines and shows the ACLU's fingerprints as it works to destroy freedom and enslave our constitutional republic to the demands of a Marxist state It's time to fight back

America: Our Sacred Honor Mary A. Kardes, 2015-06-16 America is at a crossroads and the road we elect to travel will either restore the spirit of America or continue to weaken our country forever Ordinary American citizens must make fundamental decisions We have been warned and though the warnings have been muted by media sources and special interest groups they are growing louder Voices of genuine concern come from within the United States and from abroad We Americans must listen to and take seriously what we are being told We need to educate ourselves about American history real unbiased history We need to know the Constitution the very cornerstone of our nation and we need to hold our politicians and government leaders accountable Americans must once again stand united to defend our beloved country and our very way of life

The Communist Paul Kengor, 2012-07-17 I admire Russia for wiping out an economic system which permitted a handful of rich to exploit and beat gold from the millions of plain people As one who believes in freedom and democracy for all I honor the Red nation FRANK MARSHALL DAVIS 1947 In his memoir Barack Obama omits the full name of his mentor simply calling him Frank Now the truth is out Never has a figure as deeply troubling and controversial as Frank Marshall Davis had such an impact on the development of an American president Although other radical influences on Obama from Jeremiah Wright to Bill Ayers have been scrutinized the public knows little about Davis a card carrying member of the Communist Party USA cited by the Associated Press as an important influence on Obama one whom he looked to not merely for advice on living but as a father figure Aided by access to explosive declassified FBI files Soviet archives and Davis's original newspaper columns Paul Kengor explores how Obama sought out Davis and how Davis found in Obama an impressionable young man one susceptible to Davis's worldview that opposed American policy and traditional values while

praising communist regimes Kengor sees remnants of this worldview in Obama's early life and even ultimately his presidency Is Obama working to fulfill the dreams of Frank Marshall Davis That question has been impossible to answer since Davis's writings and relationship with Obama have either been deliberately obscured or dismissed as irrelevant With Paul Kengor's *The Communist Americans* can finally weigh the evidence and decide for themselves *The Devil and Karl Marx* Paul Kengor, 2020-08-18 A chilling account of an evil ideology and the man whose nefarious thoughts made it possible [A Pope and a President](#) Paul Kengor, 2017-04-18 A Singular Bond That Changed History Even as historians credit Ronald Reagan and Pope John Paul II with hastening the end of the Cold War they have failed to recognize the depth or significance of the bond that developed between the two leaders Acclaimed scholar and bestselling author Paul Kengor changes that In this fascinating book he reveals a singular bond which included a spiritual connection between the Catholic pope and the Protestant president that drove the two men to confront what they knew to be the great evil of the twentieth century Soviet communism Reagan and John Paul II almost didn't have the opportunity to forge this relationship just six weeks apart in the spring of 1981 they took bullets from would-be assassins But their strikingly similar near-death experiences brought them close together to Moscow's dismay A Pope and a President is the product of years of research Based on Kengor's tireless archival digging and his unique access to Reagan insiders the book reveals The inside story on the 1982 meeting where the president and the pope confided their conviction that God had spared their lives for the purpose of defeating communism Captivating new information on the attempt on John Paul II's life including a previously unreported secret CIA investigation was Moscow behind the plot The many similarities and the spiritual bond between the pope and the president and how Reagan privately spoke of the DP the Divine Plan to take down communism New details about how the Protestant Reagan became intensely interested in the secrets of Fátima which date to the reported apparitions of the Virgin Mary at Fátima Portugal starting on May 13 1917 sixty-four years to the day before John Paul II was shot A startling insider account of how the USSR may have been set to invade the pope's native Poland in March 1981 only to pull back when news broke that Reagan had been shot Nancy Reagan called John Paul II her husband's closest friend Reagan himself told Polish visitors that the pope was his best friend When you read this book you will understand why As kindred spirits Ronald Reagan and John Paul II united in pursuit of a supreme objective and in doing so they changed history *Scientific American*, 1885 Monthly magazine devoted to topics of general scientific interest [Comfort](#), 1916
