

The background of the slide features a faded, sepia-toned illustration of a large crowd of people. In the upper center, a man with a white cravat and a top hat is visible, looking towards the right. Below him, the crowd is dense, with many individuals wearing hats and period clothing. The overall style is reminiscent of 19th-century social commentary illustrations.

Durable Inequality

Charles Tilley

Durable Inequality Irene Flecknoe Ross Lecture

M. Hallward

Durable Inequality Irene Flecknoe Ross Lecture:

Durable Inequality Charles Tilly, 1998-03-02 Charles Tilly in this eloquent manifesto presents a powerful new approach to the study of persistent social inequality. How he asks do long lasting systematic inequalities in life chances arise and how do they come to distinguish members of different socially defined categories of persons. Exploring representative paired and unequal categories such as male female black white and citizen noncitizen Tilly argues that the basic causes of these and similar inequalities greatly resemble one another. In contrast to contemporary analyses that explain inequality case by case this account is one of process. Categorical distinctions arise Tilly says because they offer a solution to pressing organizational problems. Whatever the organization is as small as a household or as large as a government the resulting relationship of inequality persists because parties on both sides of the categorical divide come to depend on that solution despite its drawbacks. Tilly illustrates the social mechanisms that create and maintain paired and unequal categories with a rich variety of cases mapping out fertile territories for future relational study of durable inequality.

Transnational Activism and the Israeli-Palestinian Conflict M. Hallward, 2013-11-26 This book examines the polarization of positions surrounding the transnational boycott divestment and sanctions BDS movement aimed at ending the Israeli occupation. The author compares four US based case studies in which activists for and against BDS struggle over issues of identity morality legitimacy and conceptions of peace.

Struggling for a Just Peace Maia Carter Hallward, 2011-08-14 Almost invisibly numerous activists are presently engaged in ongoing nonviolent efforts to build peace and bring about an end to the Israeli Palestinian conflict. Beginning in 2004 after the mainstream peace movement collapsed Maia Hallward spent most of a year observing the work of seven such groups on both sides of the conflict. She returned in 2008 to examine the progress they had made in working for a just and lasting peace. Although small these grassroots organizations provide valuable lessons regarding how peacebuilding takes place in times of ongoing animosity and violence. By raising awareness of these groups existence Hallward provides a much richer investigation of available options for peacemaking in Israel which is otherwise dominated by violence and armed strategies. Challenging the official diplomatic presumption that peace is about working out lines on a map she relocates the question into social cultural political and geographic contexts that affect people's daily lives. In the end Struggling for a Just Peace offers a critical look at the realities on the ground focusing on what has been successful for groups engaged in working for peace in times of conflict and how they have adapted to changing circumstances.
