By the time they enter business communication classes, students know enough about the business environment to appreciate the critical role communication plays in the contemporary organization; they're also aware of the role communication will play in helping them secure an internship or get a job and be successful at work. To sustain this inherent interest, students need a textbook that is current, fast-paced, and interesting, just like business itself. Thus, a major objective of the book is to present comprehensive coverage of real-world concepts in an interesting and lively manner. This edition has been extensively revised to provide students with the skills they need to communicate effectively in the complex and ever-changing contemporary work environment. The revision was based on helpful feedback received from the current users around the country and indeed around the English-speaking world. Changes in the discipline and especially changes in the workplace itself. The following discussion highlights the features of this complete learning and teaching system: Business communication in context, technology-centered, Work team communication, Spotlights on contemporary issues, The 3Ps: problem, process, and product model, Annotated models and checklists, Basic skills first, Unprecedented instructor support, Additional student support materials, Preface **Business Communication Activebook** John V.
