and two bonus appendices      Paintings and the Past Ivan Gaskell, 2019-05-13 This book is an exploration of how art specifically paintings in the European manner can be mobilized to make knowledge claims about the past No type of human made tangible thing makes more complex and bewildering demands in this respect than paintings Ivan Gaskell argues that the search for pictorial meaning in paintings yields limited results and should be replaced by attempts to define the point of such things which is cumulative and ever subject to change He shows that while it is not possible to define what art is other than being an open kind it is possible to define what a painting is as a species of drawing regardless of whether that painting is an artwork or not at any given time The book demonstrates that things can be artworks on some occasions but not necessarily on others though it is easier for a thing to acquire artwork status than to lose it That is the movement of a thing into and out of the artworld is not symmetrical All such considerations are properly matters not of ontology what is and what is not an artwork but of use that is how a thing might or might not function as an artwork under any given circumstances These considerations necessarily affect the approach to paintings that at any given time might be able to function as an artwork or might not be able to function as such Only by taking these factors into account can anyone make viable knowledge about the past This lively discussion ranges over innumerable examples of paintings from Rembrandt to Rothko as well as plenty of far less familiar material from contemporary Catholic devotional works to the Chinese avant garde Its aim is to enhance philosophical acuity in respect of the analysis of paintings and to increase their amenability to philosophically satisfying historical use *Paintings and the Past* is a must read for all advanced students and scholars concerned with philosophy of art aesthetics historical method and art history      *Stepping on the Serpent* Fr. Thaddaeus Lancton, MIC, 2018-01-22 Saying the prayer Jesus I trust in You is easy Living this prayer as Mary did is not so easy Mary has learned though and as a good Mother teaches us how to trust take a step along the path to life and step upon the serpent who brings distrust and death Stemming from years of personal prayer and lived experience Fr Thaddaeus Lancton MIC hopes to encourage the reader to take the next step in their own journey with the Lord      *Medieval Iberia* Ivy A. Corfis, Ray Harris-Northall, 2007 An exploration of the cultural political complexity of the medieval Peninsula Medieval Iberia was rich in sociolinguistic and cultural diversity This volume explores the culture history literature and language of the Peninsula in an attempt to understand its cultural political complexity and its legacy Principal themes include the representation of minority groups in the community the challenge of social contact that could bring mutual absorption of influence or conflict the effects of linguistic interaction and development and the dissemination of cultural and scientific knowledge within and beyond the borders of the Peninsula Modern interpretations of Medieval Iberia are neither static nor definitive in this kaleidoscopic field of investigation EDITORS Ivy A Corfis and Ray Harris Northall are Professors of Spanish at the University of Wisconsin Madison OTHER CONTRIBUTORS Pablo Ancos William J Courtney Thomas D Cravens Frank Dom nguez Noel Fallows Charles F Fraker E Michael Gerli Kristin Neumayer Stanley G Payne Joel Rini Joseph T Snow Michael Solomon      Chambers
