## **Dismantling America And Other Controversial Essays:**

*Dismantling America and Other Controversial Essays* Thomas Sowell, 2011-03 These wide ranging essays on many individual political economic cultural and legal issues have as a recurring underlying theme the decline of the values and institutions that have sustained and advanced American society for more than two centuries This decline has been more than an erosion It has in many cases been a deliberate dismantling of American values and institutions by people convinced that their superior wisdom and virtue must over ride both the traditions of the country and the will of the people Whether these essays originally published as syndicated newspaper columns are individually about financial bailouts illegal immigrants gay marriage national security or the Duke University rape case the underlying concern is about what these very different kinds of things say about the general direction of American society This larger and longer lasting question is whether the particular issues discussed reflect a degeneration or dismantling of the America that we once knew and expected to pass on to our children and grandchildren There are people determined that this country s values history laws traditions and role in the world are fundamentally wrong and must be changed Such people will not stop dismantling America unless they get stopped and the next election may be the last time to stop them before they take the country beyond the point of no return

**Dismantling America** Thomas Sowell, 2010-08-10 Sowell delivers a broad based and withering critique of America s current trajectory in this collection of essays

**Christianity and Rabbinic Judaism** Jonas E. Alexis, 2011-12-29 The simple step of a courageous individual is not to take part in the lie One word of truth outweighs the world Alexander Solzhenitsyn In this penetrating and provocative work Jonas E Alexis challenges common assumptions about the relationship between Christianity and Rabbinic Judaism and provides compelling evidence from history and theology that demonstrates the extent to which modern Judaism has been defined by the Pharisaic and Rabbinic schools of thought As Alexis meticulously documents there has been a constant struggle between Christianity and Rabbinic Judaism since the time of Christ a struggle that will define the destiny of the West Islam according to Christianity is a historically and theologically false religion since it denies both Jesus s deity and His work of salvation at the Cross But Rabbinic Judaism Alexis argues is equally false and in many respects more dangerous to Christianity and the West than Islam since at its root Rabbinic Judaism wages war against the Logos the system of order in the world embodied by Christ In this painstakingly scholarly yet readable work Alexis maintains that Rabbinic Judaism defined by the Pharisaic teachings now codified in the Talmud that Jesus sought to correct is a categorical and metaphysical rejection of Christianity a rejection that has had and will continue to have severe implications for Western culture intellectual history and theological exegesis

*Implosion* Joel C. Rosenberg, 2012-06-12 Bestselling author and international political expert Joel C Rosenberg tackles the question Is America an empire in decline or a nation poised for an historic renaissance America teeters on a precipice In the midst of financial turmoil political uncertainty declining morality the constant threat of natural disasters and myriad other daunting challenges many wonder what the

future holds Will history s greatest democracy stage a miraculous comeback returning to the forefront of the world s economic and spiritual stage Can America s religious past be repeated today with a third Great Awakening Or will the rise of China Russia and other nations coupled with the US s internal struggles send her into a decline from which there can be no return Implosion helps readers understand the economic social and spiritual challenges facing the United States in the 21st century through the lens of biblical prophecy **Lessons from Past Heroes** Phumlani M Majozi,2023-10-16 What can be learned from black South Africans who achieved success before South Africa became a democracy in 1994 What are the challenges they faced and how did they overcome them And today how have South Africans benefited from the country s democratic system of governance These are the questions Phumlani M Majozi explores and attempts to answer in Lessons from Past Heroes He traces black people s success and political activity back to the early 1900s successful men and women who spearheaded the struggle against the segregationist colonialist government and devoted their lives to advancing the interests of their communities Phumlani explores the careers challenges and successes of people such as Pixley ka Isaka Seme John Langalibalele Dube Sol Plaatje and Josiah Tshangana Gumede During the apartheid years South Africa produced black men and women who overcame the odds to succeed in their fields of business entertainment science and politics They excelled in the face of an oppressive government system and their stories should inspire every South African today After exploring the history of South Africa Phumlani delves into the present and the future evaluating the challenges South Africans face and proposes solutions that can speed up their economic progress He argues that much of South Africa s history has portrayed the majority as victims of the minority and that the inspirational stories of those people who overcame adversity are not being told widely enough These stories must be told to inspire future generations If black South Africans could succeed in the pre 1994 era what can stop them today The answer is nothing Phumlani writes Phumlani M Majozi is a business and macroeconomics analyst writer and commentator on economic political and global issues He is a Senior Fellow at African Liberty and sits on the boards of four organisations Chartered Institute of Business Accountants CIBA South African Institute of Race Relations IRR Social Research Foundation SRF and Organisation Undoing Tax Abuse OUTA

*God's Heart for Israel (and Us)* John Weldon,2011-07-12 We read God s promises to Israel in the Old Testament where it is referred to as the apple of His eye but is God done with Israel since they rejected their Messiah Are we as Christians supposed to stand for the nation of Israel today Has the Church now replaced Israel so that God s promises and covenants given in the OT no longer apply to Israel What is Israel s global importance Is global anti Semitism on the rise What will be Israel s ultimate future According to an article in the Jerusalem Post of June 17 2011 Israel is at a do or die moment As was the case in May 1967 when the combined Arab armies gathered with the express purpose of wiping the Jewish state off the map today again Israel is alone in its hour of greatest peril John Weldon is able to answer these questions and address the important issues of our day because of the extensive research he has done on Middle East and America He shares what he
