Dispatches From The Abortion Wars Dispatches From The Abortion Wars

Richard Bailey

Dispatches From The Abortion Wars Dispatches From The Abortion Wars:

Dispatches from the Abortion Wars Carole Joffe, 2010-01-01 Surprising firsthand accounts from the front lines of abortion provision reveal the persistent cultural political and economic hurdles to access More than thirty five years after women won the right to legal abortion most people do not realize how inaccessible it has become In these pages reproductive health researcher Carole Joffe shows how a pervasive stigma cultivated by the religious right operates to maintain barriers to access by shaming women and marginalizing abortion providers Through compelling testimony from doctors health care workers and patients Joffe reports the lived experiences behind the polemics while also offering hope for a more compassionate standard of women s health care

Abortion in the Age of Unreason Warren M. Hern, 2024-09-30 This vivid account by a nationally prominent doctor reports the daily challenges of offering and receiving abortion services in a volatile political and social atmosphere In stories from the front lines from protecting patients and staff from protesters attacks to the dangers to women of restricted access to abortion services and the pertinent findings of his remote research in Latin America Hern s book is strikingly detailed just as it exposes the needs of women and the U S national interest Dr Hern an abortion specialist researcher scholar and highly visible public advocate shows how abortion saves women s lives given the many risks that arise during pregnancy remarkably more than most people realize He points to political and national solutions to reverse a reawakened crisis that now threatens democracy Throughout the book Dr Hern shows how the current emergency was largely created by political actors who have exploited and distorted the abortion issue to increase and consolidate their power A vital component of women s health care the crisis over abortion is not new Yet the reversal of *Roe v Wade* and the steady accumulation of power by America s right wing has put the issue at a level of urgency and national prominence not seen since the days before legalization Women s need for safe abortion services will continue as the struggle to secure their rights intensifies This book is about that struggle during what has evolved over the last 50 years to an Age of Unreason

Abortion after Roe Johanna Schoen, 2015-09-28 Abortion is and always has been an arena for contesting power relations between women and men When in 1973 the Supreme Court made the procedure legal throughout the United States it seemed that women were at last able to make decisions about their own bodies In the four decades that followed however abortion became ever more politicized and stigmatized Abortion after Roe chronicles and analyzes what the new legal status and changing political environment have meant for abortion providers and their patients Johanna Schoen sheds light on the little studied experience of performing and receiving abortion care from the 1970s a period of optimism to the rise of the antiabortion movement and the escalation of antiabortion tactics in the 1980s to the 1990s and beyond when violent attacks on clinics and abortion providers led to a new articulation of abortion care as moral work As Schoen demonstrates more than four decades after the legalization of abortion the abortion provider community has powerfully asserted that abortion care is a moral good

The Abolition of Christianity Mark Walia, 2022-05-26 Thanks to a wave of militant secularism now

sweeping across America and the entire Western World Traditional Christianity stands on the verge of destruction Secularism has already triumphed on multiple fronts be it abortion euthanasia homosexuality or the right to sexual freedom and aspires to further revolutionary changes including elimination of marriage the family and gender itself That is the provocative message set forth in Mark Walia s *The Abolition of Christianity* Tailor made for people of faith seeking to understand exactly why our culture has become so hostile towards Christian principles this lively book will also appeal to anyone who enjoys controversial material on religion and politics

Doctors and Demonstrators Drew

Halfmann,2011-07-15 Since Roe v Wade abortion has continued to be a divisive political issue in the United States In contrast it has remained primarily a medical issue in Britain and Canada despite the countries shared heritage *Doctors and Demonstrators* looks beyond simplistic cultural or religious explanations to find out why abortion politics and policies differ so dramatically in these otherwise similar countries Drew Halfmann argues that political institutions are the key In the United States federalism judicial review and a private health care system contributed to the public definition of abortion as an individual right rather than a medical necessity Meanwhile Halfmann explains the porous structure of American political parties gave pro choice and pro life groups the opportunity to move the issue onto the political agenda A groundbreaking study of the complex legal and political factors behind the evolution of abortion policy *Doctors and Demonstrators* will be vital for anyone trying to understand this contentious issue

The SAGE Encyclopedia of Terrorism, Second Edition Gus Martin,2011-06-15 Six years after publication of the first edition of the best selling *Encyclopedia of Terrorism* much has changed on the national security scene Despite the dark promises of Osama bin Laden following the 9 11 attacks the United States has not experienced any major domestic terror incidents Al Qaeda itself is believed to be a severely crippled organization But while U S wars in Afghanistan and Iraq not to mention the arrival of the Obama administration a new balance of power within Congress and an increasingly fragile economic picture have significantly affected the national security picture the threat of economic chaos and massive loss of life due to terror attacks has not abated Indeed in July 2008 analysts pointed out that even a relatively small terrorist organization could present a dire threat with some experts arguing that a biological chemical or even nuclear attack on a major U S city is all but inevitable In this highly charged rapidly shifting environment we are pleased to present the *The SAGE Encyclopedia of Terrorism Second Edition* a thoroughly updated and expanded edition of the original highly regarded reference work Nearly 100 000 words of new material will be added along with fully updated original entries and expanded coverage New introductory essays will explore the impact of terrorism on economics public health religion and even pop culture Ethical issues such as the role of torture in interrogations competing notions of security versus liberty and the debates over FISA legislation and Guantanamo Bay will also be covered Two dozen entries on significant recent events such as the London bombings Chechen attacks on Russian interests and the rescue of Ingrid Bettancourt and some 60 additional new entries will restore the work as an up to the minute natural first

stop for researchers Culture Wars and Local Politics Elaine B. Sharp, 1999 This collection offers alternative explanations of local actions with a focus on conflict It features examples of experiences selected from various cities It examines how the responses of local governments to specific issues are influenced by such factors as political culture and institutions

Culture Wars Roger Chapman, 2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today A Matter of Fact , 1994-03 *The New York Times Magazine* , 2010

New Books on Women, Gender and Feminism , 2012 *The War of the rebellion: a compilation of the official records of the Union and Confederate armies, prepared by R.N. Scott [and others]. 4 ser. 69 vols. [in 127 pt. 'Additions and corrections', dated 1902, have been inserted in the vols. With] Ser.1. Index to battles, campaigns, etc* United States dept. of war, 1902 *New Books on Women and Feminism* , 2012 *The Publishers Weekly* , 2009 *Articles of Faith* Cynthia Gorney, 1998 In *Articles of Faith* veteran journalist Cynthia Gorney presents the first balanced political and social narrative of the most significant years in the abortion conflict told from the perspective of the people who fought the battles on both sides Focusing on the battle in Missouri which mirrors the deepening abortion conflicts around the country as American states first begin changing their century old criminal abortion laws Gorney draws from more than five hundred interviews and previously unseen archival material to create the first narrative history of the modern American abortion conflict ever written The central characters whose evolving personal stories and eventual confrontation in the U S Supreme Court form the narrative drive of *Articles of Faith* are two passionate strong willed leaders from opposing camps in the city of St Louis Judith Widdicombe and Samuel Lee Judith Widdicombe is a registered nurse who runs the abortion underground in Missouri during the illegal abortion days of the 1960s and who then goes on after *Roe v Wade* to set up almost singlehandedly the first legal abortion clinic in Missouri Samuel Lee is a young pacifist and would be seminarian who arrives in St Louis to begin his formal religious studies and finds himself instead drawn to the more compelling and immediated work of the right to life movement Their battle culminates in 1989 when the provocative abortion bill Sam eventually lobbies through the Missouri legislature becomes the centerpiece of *William L Webster v Reproductive Health Services* the most intently watched Supreme Court case of the late 1980s because it is the very first case to challenge *Roe v Wade* directly before what is generally assumed to be an anti *Roe* court The *Reproductive Health Services* of the Webster case the lead plaintiff in this nationally anticipated litigation is Judy Widdicombe s St Louis abortion clinic BOOK JACKET Title Summary field provided by Blackwell North

America Inc All Rights Reserved **The Human Life Review** ,1996 **Articles of Faith** Cynthia Gorney,2000-01-05

Nominated for the Los Angeles Times Book Prize *Articles of Faith* is a powerful exploration of one of the most divisive issues in our recent political history and the only book to portray the passion of both sides of the abortion conflict Drawing from more than five hundred interviews as well as previously unseen archival material Cynthia Gorney has written a compelling narrative that explores the years between *Roe v Wade* 1973 and *William L Webster v Reproductive Health Services* 1989 the first case to challenge the *Roe* decision before an anti *Roe* court Meet Judith Widdicombe the registered nurse who runs the abortion underground in 1960s St Louis and then the first legal clinic after *Roe v Wade* And meet Samuel Lee a young pacifist and would be seminarian whose provocative abortion bill becomes the centerpiece of *William L Webster v Reproductive Health Services* The Supreme Court case brings the two advocates head to head **Opposition and Intimidation** Alesha Doan,2009-09-15 The abortion fight has long been a crucible of political tactics with both sides employing strategies ranging from litigation to civil disobedience to outright violence Anti abortion activists have arguably been more tactically innovative than their pro choice peers *Opposition and Intimidation* looks at how their use of political harassment fits or doesn't with more conventional political efforts in the struggle over abortion Alesha Doan's insightful interviews and observations powerfully portray anti abortion activists relationship to the objects of their protest Her portrait is augmented by thorough quantitative analysis of harassment's role within the movement's multitiered strategy a strategy that Doan shows has forced a decline in the availability and popularity of abortions Using her unique study of the anti abortion movement as a model Doan extends her findings to propose a novel and valuable theory of the new politics of harassment An interesting and sophisticated account Seamlessly weaves narrative and analysis tying local action to national strategy Explores uncharted territory in the abortion controversy and expands our understanding of political action Deborah R McFarlane University of New Mexico For 40 years abortion politics have been endlessly fascinating to American scholars and journalists alike because they generate unique political phenomena that challenge traditional theories of political behavior In this book Doan goes straight to the heart of the matter by describing evaluating and explaining one of the most characteristic and complex of these phenomena political harassment In a well written narrative that weaves qualitative and quantitative data she gives us the first scholarly look at this political tactic whose relevance and use go well beyond American abortion politics Chris Mooney University of Illinois at Springfield The book contributes to political theory and knowledge by adding new empirical data gathered from interviews with those in the front lines of the struggle over abortion The author refines and develops a category of unconventional political participation political harassment of nongovernmental actors and explains why it is particularly effective in undermining the rights of women seeking abortions as well as the rights of abortion service providers Nikki R Van Hightower Texas A M University Alesha E Doan is Assistant Professor of Political Science at the University of Kansas [Abortion Wars](#) Judith Orr,2017-09-10 As *Roe v Wade* comes under renewed scrutiny in the

United States 2017 marks the fiftieth anniversary of another landmark shift in abortion policy Britain's 1967 Abortion Act But in the United Kingdom as in the United States the struggle for abortion rights is far from over In this hard hitting urgent book socialist writer and leading UK pro choice campaigner Judith Orr argues that the time has come for women to control their fertility without the practical legal and ideological barriers they have faced for generations Combining analysis of media coverage statistics popular culture and social attitudes with powerful firsthand accounts of women's experiences Orr measures the Act's true impact both in the United Kingdom and abroad and shows that full reproductive rights are yet to be won In the United Kingdom anti abortion campaigners attack women's rights under existing law Elsewhere women must cross borders or buy pills online while in the United States as well as in Ireland Poland and nations across Latin America harsh restrictions on abortion are provoking increased resistance Highlighting ongoing debates over decriminalization Orr calls for an abortion provision fit for the twenty first century Interest Group Politics Allan J. Cigler, Burdett A.

Loomis, 1998 A new edition of the classic collection of essays on organize and how interests seek to affect election results and public policies The new edition of this best selling reader features 18 original essays nearly all of them new to this edition by top scholars in the field to present multiple up to date perspectives on the formation inner workings and effectiveness of organized interests in politics This scholarly but most accessible collection gives readers a comprehensive picture of the formation of pressure groups their role in the electoral process and their influence in policy making The authors have revised and updated their excellent introductory chapter that offers an insightful summary of how interest group politics is changing and the impact to expect from these changes

Unveiling the Energy of Verbal Art: An Emotional Sojourn through **Dispatches From The Abortion Wars Dispatches From The Abortion Wars**

In some sort of inundated with screens and the cacophony of instant communication, the profound energy and emotional resonance of verbal art usually fade in to obscurity, eclipsed by the constant onslaught of noise and distractions.
