## **Divine Hiddenness New Essays:**

**Divine Hiddenness** Daniel Howard-Snyder, Paul Moser, 2002 A distinguished group of philosophers of religion explore the question of divine hiddenness *Hidden Divinity and Religious Belief* Adam Green, Eleonore Stump, 2015 This collection of new essays is a groundbreaking examination of divine hiddenness from the perspectives of different faiths Evil and a Selection of its Theological Problems Benjamin Arbour, John R. Gilhooly, 2017-01-06 Recent formulations of the inductive continual problem of evil require us to consider new responses to the charge that there is something irrational about believing in God given the type and amount of evil in the world Furthermore fresh approaches to the problem of evil offer suggestive ways to enter a new line of inquiry in regards to both theistic defences against various articulations of the problem of evil and also theodicy Finally developments in contemporary theology especially analytic philosophical theology likewise require new treatments of the problem of evil This volume on the problem on evil presents a series of essays that incorporate responses to these developments The articles fall into three broad sections The first critiques and examines the analytic inductive problem of evil on the basis of its modal underpinnings the discourse of possible worlds and issues related to hiddenness and vagueness The second part presents a narrative response to the problem of evil Its approaches attempt to show the way in which peculiar features of narrative such as dramatic irony verisimilitude and distinctions between person type propositions offer fresh ways to encapsulate our feelings about evil and our response to the theological problems raised by encounters with evil Such existential concerns are valuable for our thinking about these matters The third section relates the problem of evil to developments in contemporary analytic theology such as open theism idealism and the felix culpa theodicy The Hiddenness of God Michael C. Rea, 2018-08-16 The Hiddenness of God addresses the problem of divine hiddenness which concerns the ambiguity of evidence for God's existence the elusiveness of God's comforting presence the palpable and devastating experience of divine absence and abandonment and more phenomena which are hard to reconcile with the idea central to the Jewish and Christian scriptures that there exists a God who is deeply and lovingly concerned with the lives of humans Michael C Rea argues that divine hiddenness is not a problem to be explained away but rather a consequence of the nature of God himself He shows that it rests on unwarranted assumptions and expectations about God's love for human beings Rea explains how scripture and tradition bear testimony not only to God's love but to God's transcendence He shows that God's transcendence should be understood as implying that all of God's intrinsic attributes divine love included elude our grasp in significant ways **A Companion to Philosophy of Religion** Charles Taliaferro, Paul Draper, Philip L. *Divine Hiddenness and Human Reason* J. L. Schellenberg, 2006 In this clearly written and tightly argued book J L Schellenberg addresses a fundamental yet neglected religious problem If there is a God he asks why is his existence not more obvious Traditionally theists have claimed that God is hidden in order to account for the fact that the evidence of his existence is as weak as it is Schellenberg maintains that given the understanding of God's moral character to which theists are committed this claim runs into serious difficulty There are grounds the author writes for thinking that the perfectly loving God of theism would not be hidden that such a God would put the fact of his existence beyond reasonable nonbelief Since

reasonable nonbelief occurs Schellenberg argues it follows that there is here an argument of considerable force for atheism In developing his claim Schellenberg carefully examines the relevant views of such theists as Pascal Butler Kierkegaard Hick and others He clarifies their suggestions concerning Divine hiddenness and shows how they fall short of providing a rebuttal for the argument he presents That argument he concludes poses a serious challenge to theism to which contemporary theists must seek to respond The first full length treatment of its topic Divine Hiddenness and Human Reason will be of interest to anyone who has sought to reach a conclusion as to God s existence and especially to theologians and philosophers of religion

The Hiddenness Argument J. L. Schellenberg, 2015-07-02 In many places and times and for many people God s existence has been rather less than a clear fact According to the hiddenness argument this is actually a reason to suppose that it is not a fact at all The hiddenness argument is a new argument for atheism that has come to prominence in philosophy over the past two decades J L Schellenberg first developed the argument in 1993 and this book offers a short and vigorous statement of its central claims and ideas Logically sharp but so clear that anyone can understand the book addresses little discussed issues such as why it took so long for hiddenness reasoning to emerge in philosophy and how the hiddenness problem is distinct from the problem of evil It concludes with the fascinating thought that retiring the last of the personal gods might leave us nearer the beginning of religion than the end Though an atheist Schellenberg writes sensitively and with a nuanced insider s grasp of the religious life Pertinent aspects of his experience as a believer and as a nonbeliever and of his own engagement with hiddenness issues are included Set in this personal context and against an authoritative background on relevant logical conceptual and historical matters The Hiddenness Argument s careful but provocative reasoning makes crystal clear just what this new argument is and why it matters

*Encyclopedia of Philosophy* Donald M. Borchert, 2006 This volume covering entries from Oakeshott Michael to Presupposition presents articles on Eastern and Western philosophies medical and scientific ethics the Holocaust terrorism censorship biographical entries and much more

*New Encyclopedia of Unbelief* Tom Flynn, 2007-04-30 A comprehensive reference work on the history beliefs and thinking of America s growing minority those who live without religion It describes and explains various aspects of atheism agnosticism secular humanism secularism and religious scepticism

**Philosophia Christi** ,2003    *Comptes Rendus Philosophiques* ,2003    The Journal of Philosophy ,2002    *Kierkegaardiana* Niels Thulstrup, 2004    The Review of Metaphysics ,2001    Canadian Philosophical Reviews ,2003    **The Journal of Jewish Studies** ,2002    Theology After Reading Darren J. N. Middleton, 2008 Examining Graham Greene s *The End of the Affair* Toni Morrison s *Sula* Nikos Kazantzakis s *The Last Temptation of Christ* Earl Lovelace s *The Wine of Astonishment* and Paul Thigpen s *My Visit to Hell* Middleton deftly illuminates the expression of both mainstream and progressive Christian doctrines as themes in these selected works of fiction ultimately reaffirming the graced search for meaning in the mindful Christian life

## **Divine Hiddenness New Essays Introduction**

In today's digital age, the availability of Divine Hiddenness New Essays books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Divine Hiddenness New Essays books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Divine Hiddenness New Essays books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Divine Hiddenness New Essays versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Divine Hiddenness New Essays books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Divine Hiddenness New Essays books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Divine Hiddenness New Essays books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from

the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Divine Hiddenness New Essays books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Divine Hiddenness New Essays books and manuals for download and embark on your journey of knowledge?
