Fundamentals Of Technical Services Ala Fundamentals:

Fundamentals of Technical Services John Sandstrom, Liz Miller, 2015-07-29 Complete with a handy glossary this primer provides essential coverage of the broad array of technical services and how the library's back office operations work together Fundamentals of Technical Services Management Sheila S. Intner, Peggy Johnson, 2008 The processes for acquiring cataloging and preserving resources have undergone dramatic changes in the past decade and library technical services departments have had to evolve quickly in response Often librarians asked to take on technical services management roles find themselves both underprepared and without guidance from their institutions P 4 of cover

Interlibrary Loan Practices Handbook Cherié L. Weible, Karen L. Janke, 2011 Guidance on how to do ILL efficiently and effectively with advice on being a considerate borrower and lender Cataloging Library Resources: An Introduction Marie Keen Shaw, 2024-08-06 This revised text is aimed specifically for library support staff and purposefully aligned with the American Library Association Library Support Staff Certification LSSC competency standards for Cataloging and Classification In recent years AACR2 rules and MARC21 cataloging standards have evolved to RDA rules and BIBFRAME standards Today catalogers must have the knowledge and skills to apply RDA rules of cataloging and use the BIBFRAME standards for data entry Written in clear language and featuring practical examples Cataloging Library Resources An Introduction Revised edition will instruct library support staff to become proficient catalogers Other books on this topic are written for professional librarians rather than support staff And although the majority of library support staff do not hold professional degrees many are expected to do the complex and technical work of catalogers This book provides many examples that support staff can use to learn how to catalog all types of library print media and digital materials using the most up to date Library of Congress standards Using this handbook as a guide readers will be able to perform the ALA LSSC cataloging and classification competencies and the new RDA FRBR and BIBFRAME standards listed below Apply and manage the appropriate processes computer technology and equipment for cataloging and classification Apply principles of Resource Description and Access RDA and the Functional Requirements for Bibliographic Records FRBR when creating cataloging records Apply principles of the Bibliographic Framework Initiative BIBFRAME and utilize the BIBFRAME model to create cataloging records Use the basic cataloging and classification tools both print and online including bibliographic utilities and format standards Understand the value of authority control and its basic principles and can identify and apply appropriate access points for personal names corporate bodies series and subjects Explain the value and advantages of cooperative or collaborative cataloging practices to enhance services Know the basics of standard metadata formats and cataloging rules to select review and edit catalog records and to generate metadata in various formats Use and apply the classification systems of Dewey Library of Congress and Government Documents And much more Cataloging Library Resources Marie Keen Shaw, 2017-01-26 While there are many cataloging texts very few are written specifically for library support staff This is the

one and only book purposefully aligned with the new American Library Association Library Support Staff Certification LSSC competency standards for Cataloging and Classification Written in clear language by someone who teaches cataloging in a library support staff program and featuring practical examples Cataloging Library Resources An Introduction will help library support staff become effective catalogers Other books on this topic are written for professional librarians rather than support staff And although 85% of library support staff do not hold professional degrees many are expected to do the complex and technical work of catalogers This book provides many examples that support staff can use to learn how to catalog all types of library print media and digital materials using the most up to date Library of Congress standards Using this handbook as a guide readers will be able to perform the ALA LSSC cataloging and classification competencies and the new RDA FRBR and BIBFRAME standards listed below Apply and manage the appropriate processes computer technology and equipment for cataloging and classification Apply principles of Resource Description and Access RDA and the Functional Requirements for Bibliographic Records FRBR when creating cataloging records Apply principles of the Bibliographic Framework Initiative BIBFRAME and utilize the BIBFRAME model to create cataloging records Use the basic cataloging and classification tools both print and online including bibliographic utilities and format standards Understand the value of authority control and its basic principles and can identify and apply appropriate access points for personal names corporate bodies series and subjects Explain the value and advantages of cooperative or collaborative cataloging practices to enhance services Know the basics of standard metadata formats and cataloging rules to select review and edit catalog records and to generate metadata in various formats And more
