The Existence and Attributes of God, Volume 7 of 50 Greatest Christian Classics, 2 Volumes in 1 Stephen Charnock, 2008-09 The Existence and Attributes of God comprises the first two volumes of the works of Stephen Charnock 1628 1680 an English puritan divine who was highly skilled in philosophy patristics Reformed theology and Biblical languages These volumes are his abiding monument They are worthy of being compared with the finest in theology When the existence and attributes of God are called into question to whom else can we better go than to Stephen Charnock those things revealed belong to us and to our children forever The material that Charnock discusses is firmly founded in the Word of God Both the Old Testament and the New emphasize these two things First we should study the whole revelation not just some easy or favorite parts of it secondly the study of God's attributes is not dry as dust theology but is practical that is it leads to righteousness Dr Gordon H Clark from a preface to this great work in a Sovereign Grace edition 1958 One of the greatest tragedies in these spiritually starved times is the sad fact that most Christians know so very little about their God It is often said that this is simply because these volumes are exhaustive on the subject Yet it is clearly filled with sublime expositions of the truth regarding God's existence and attributes Charnock displays God's attributes not as impersonal abstractions for the mind to juggle with but as qualities observable in the concrete actions of the living God of which the Bible speaks The technical terms and sometimes arguments of scholastic theology are employed but always with a Biblical orientation Charnock has no desire to speculate but only to declare the works and ways the nature and character of the God of the Bible The substance of his doctrine is characteristically Puritan and representatively Reformed Dr James I Packer in The Encyclopedia of Christianity Volume II p 410 The possessor of these rare volumes will be blessed by getting acquainted with the incomparable God and thereby will reach a higher plane of spiritual enjoyment never attained before To know Him better is to love Him more The Existence and Attributes of God (Vol. 1&2) Stephen Charnock, 2020-04-10 The Existence and Attributes of God in 2 volumes is a series of discourses and lectures delivered by the great Stephen Charnock to the members of his congregation at Crosby Hall Charnock discusses in a logical flow of thoughts the existence of God and the untenability of maintaining an atheistic worldview Unfortunately however the Discourses were cut short by Charnock s Several Discourses Upon the Existence and Attributes of God Stephen Charnock, 1682 death in 1680 The **Existence and Attributes of God (2-volume set)** Stephen Charnock, 2022-09-27 A Classic Work on the Nature of God by Stephen Charnock Stephen Charnock was a highly regarded seventeenth century English Puritan theologian whose writings have continued to influence the church for centuries He is known for his sophisticated approach to topics such as the existence and attributes of God the person and work of Christ and the doctrine of sin This ebook edited by Mark Jones contains an updated and unabridged edition of Charnock's classic work Discourses upon the Existence and Attributes of God written to instruct and encourage Christian pastors theologians and laypeople Jones precedes each discourse with an

The Existence of God Stephen Charnock, 2020-12-13 This book is derived from the first of nine discourses contained in the first volume of Stephen Charnock's The Existence and Attributes of God He was born in 1628 in London He studied under Dr William Sancroft who was once the Archbishop of Canterbury A detailed account of his life is included in the text The Old English style is preserved There is one instance where Stephen Charnock initially lists a set of arguments out of the order in which he addresses them later in his writings Since there is no other instance of this in the rest of the discourse the sequence of the initial list has been updated to correct this obvious and unintentional error by the author Section headings have been added to help guide the reader through his flow of thoughts The section titles themselves are derived wherever possible from actual guotes in the passage In some instances a section break was clear but the passage that followed did not provide a straightforward statement that could be easily leveraged as a summary of the passage Biblical references have been updated to reflect current norms Discourses Upon the Existence and Attributes of God Stephen Charnock, 2025-08-04 Reprint of the original first published in 1840 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Jehovistic names and titles of God.
