### **Discovering the Leader Within – Why It Matters**

Within each person lies the desire to maximize their ability to live a fruitful, gratifying, and fulfilling life. Seeking to excel and to flourish in accomplishing goals that matter drive human behavior and make life more meaningful and rewarding. Relationships with others, the ability to learn and to apply that learning, and the opportunity to make a difference in creating a better world are priorities that are universally shared. The truth of these foregoing statements is widely acknowledged and rings true in the minds and hearts of virtually everyone.

**LEADER**  
**CHALLENGE**

#### The Challenge of Leadership

The right to lead is a morally complex responsibility that requires those who seek to lead to fully understand the nature of leadership and the obligations that it imposes. The unfortunate reality, however, is that most leaders are ineffective.

People want to lead. Leading others demonstrates the ability to make decisions, carry out plans, and affirms one's personal value in so doing. A leader persuades, convinces, and influences, and even inspires others -- typically exercising control over the direction taken and the choices made by a group.
