**Rational godliness after the mind of Christ and the written voices of his Church** Rowland WILLIAMS (D.D.), 1855

*The Rationality of Faith* Carl Michalson, 1963 My goal will be to describe the rationality of the Christian faith Rationality is a contextual concept Inasmuch as the context of the Christian faith is history I will specify its rationality by setting the Christian faith in the context of history alone In pursuing this goal I will necessarily be guided by a great variety of intellectual suggestions Most refreshing of all to me as theologian is the realization that for probably the first time in the history of the church the formulations of theology must now be instructed by the historiographers more than by the philosophers I expect to show how it comes about that Christians and non Christians alike impute to Christianity absurdities which are not really there and how these absurdities may evaporate and give way to solidly redemptive meaning when the question of Christian understanding is rigorously set within the logic of history Introduction **The Rationality of Christian Doctrines** Kent C. Lin, 2009-02 *Religion within the Limits of Mere Reason* Immanuel Kant, 2024-05-09 Kant's *Religion within the Limits of Mere Reason* is one of his most accessible works due to its simplicity and basic lexicon Here he writes about the relationship of religion to human nature Kant strove to fix both the Natural science and Theology by keeping them both in their respective dialectal parameters Living through the heart of the Enlightenment Kant observed the Epistemological problems brought about by One World Newtonian Mechanical Reductionism and the bad counter reactions that Protestant apologists made Like Hegel Kant wants to restore faith as the guardian of the speculative mysteries In this text Kant distinguishes between historical or revealed religion which depends on tradition ritual and institutional structures and pure rational religion He defines the latter as an internal moral disposition aligned with the idea of a moral lawgiver Kant interprets Jesus as a symbolic representation of moral perfection rather than a supernatural being He also interprets the concept of radical evil as the innate human tendency to prioritize self interest over duty According to Kant this condition must be overcome through moral self reform rather than divine grace Throughout the four books Kant argues that true religion stems from cultivating moral character and that churches are justifiable only if they serve that purpose This work challenges theological orthodoxy while preserving the ethical core of religious life It casts faith as an outgrowth of autonomous moral reasoning rather than submission to external authority This work introduced Kant's controversial doctrine of radical evil arguing that human beings possess an innate propensity to subordinate the moral law to self love a corruption that is woven into human nature yet remains freely chosen and thus imputable The book's four parts examined the radical evil inherent in human nature the battle between good and evil principles for dominion over humanity the victory of good over evil through founding a Kingdom of God on earth and the distinction between true service to God through moral action versus false ritualistic observance Kant positioned himself against Enlightenment optimism and sided with an Augustinian view of human corruption claiming that while humans possess a natural predisposition to good consisting of animality

humanity and personality they also harbor a radical propensity to evil that corrupts the very ground of all maxims making it inextirpable by human powers alone yet possible to overcome through a revolutionary change in moral disposition The work embroiled Kant in censorship conflicts when the second part was rejected by King Friedrich Wilhelm II's censor as too theological leading Kant to arrange publication as a complete book through the Theology Faculty at Jena an act of insubordination that resulted in a royal order forbidding him to publish or speak publicly about religion until the king's death in 1797 Kant strongly criticized ritual superstition and church hierarchy while arguing that Christianity should be understood as a rational religion focused on morality rather than dogmatic belief reducing true religion to ethics grounded in the categorical imperative and positing that moral law inevitably leads to religion through practical reason's need to envision an ethical commonwealth where adherence to moral duty signifies true devotion to God

*The Grounds of Christian Faith* Rational Thomas Mole, 1743      **The Rational Test** Leander Sylvester Keyser, 1908      *A Rational Theology, as Taught by the Church of Jesus Christ of Latter-day Saints* John Andreas Widtsoe, 1937-01-01      **Discourses on the Rationality of the Christian Religion and the Harmony of its Doctrines** Abiel SILVER, 1870      Rational Christian Thinking Alice Petersen, Gary Ray Sweeten, Dorothy Faye Gevert, 1990      **Rationality of the Christian Faith in Richard Swinburne** Johnson Uchenna Ozioko, 2019      **Rational Religion and Morals** Thomas J. Vaiden, 1852      **Shape of Catholic Theology** Aidan Nichols, 2003-08-28 This study is an introduction to Catholic theology designed both for the theological student and for the general reader willing to make a certain effort After introducing the idea of theology and the virtues desirable in the budding theologian the bulk of the book falls into the five sections 1 the role of philosophy in theology 2 the use of the Bible in theology 3 the resources of tradition liturgy and sacred art Fathers Councils and Creeds the sense of the faithful 4 two aids to discernment in short history of Catholic theology from the New Testament to the present day The conclusion considers the features of pluralism and unity which should typify Catholic theology as a whole and suggests how unity may avoid becoming uniformity without pluralism becoming anarchy      Reason and the Reasons of Faith Paul J. Griffiths, Reinhard Hütter, 2005-04-05 A distinguished group of scholars examines the crisis of faith in reason and reason in faith      Is Faith Irrational? Nicky Gumbel, 2013-09-20 A booklet looking at the evidence for and rationality of the Christian faith      The Rational Test Leander S. Keyser, 2018-01-20 Excerpt from *The Rational Test Bible Doctrine in the Light of Reason* To show that certain fundamental biblical doctrines as held by orthodox believers are reasonable that is the chief purpose of this volume The author's position is that reason should not be placed above the Bible that is rationalism Very often the proper attitude of the human mind before God's truth is Believing where we cannot prove It is not irrational that it should be so for in many of the commonest affairs of life We must often walk by faith and not by sight It is incorrect to think that faith and reason are opposed to each other This error springs from the supposition that faith and credulity are synonymous terms So far from this being true it is an undisputed fact that many of the wisest and best men of the world possess the most childlike

faith in Christ and His revelation Superior knowledge makes a man conscious of the limitations of human learning and therefore leads to humble trust and a childlike disposition Whether faith is rational or not depends upon its Object Faith in that which is true and right is a most rational act of the soul blindly to accept error is credulity and is therefore irrational About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
