The nature of sexual service bookings with women clients is also examined exploring the types of services women seek the places where bookings occur and the fess they pay Finally the experiences of men women and trans sex workers who provide sexual services to women are examined By drawing on our unique data and comparing it to the literature on men clients we present our theory Converging Sexualities We argue that commercial sex is a site of behavioural convergence and that women clients are behaving in ways that could be described as masculine or feminine Our study therefore offers new ways to understand sexuality This book will be of interest to researchers in the field of sexuality sex work and women s behaviour InCider .1993 Los Angeles Magazine, 2003-11 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years.
