alluring visionary who inspired a generation to look to the heavens and beyond His life was both an intellectual feast and an emotional rollercoaster Based on interviews with Sagan s family and friends including his widow Ann Druyan his first wife acclaimed scientist Lynn Margulis and his three sons as well as exclusive access to many personal papers this highly acclaimed life story offers remarkable insight into one of the most influential provocative and beloved figures of our time a complex contradictory prophet of the Space Age

Crusaders Dan Jones,2019-10-01 A major new history of the Crusades with an unprecedented wide scope told in a tableau of portraits of people on all sides of the wars from the author of Powers and Thrones For more than one thousand years Christians and Muslims lived side by side sometimes at peace and sometimes at war When Christian armies seized Jerusalem in 1099 they began the most notorious period of conflict between the two religions Depending on who you ask the fall of the holy city was either an inspiring legend or the greatest of horrors In Crusaders Dan Jones interrogates the many sides of the larger story charting a deeply human and avowedly pluralist path through the crusading era Expanding the usual timeframe Jones looks to the roots of Christian Muslim relations in the eighth century and tracks the influence of crusading to present day He widens the geographical focus to far flung regions home to so called enemies of the Church including Spain North Africa southern France and the Baltic states By telling intimate stories of individual journeys Jones illuminates these centuries of war not only from the perspective of popes and kings but from Arab Sicilian poets Byzantine princesses Sunni scholars Shi ite viziers Mamluk slave soldiers Mongol chieftains and barefoot friars Crusading remains a rallying call to this day but its role in the popular imagination ignores the cooperation and complicated coexistence that were just as much a feature of the period as warfare The age old relationships between faith conquest wealth power and trade meant that crusading was not only about fighting for the glory of God but also among other earthly reasons about gold In this richly dramatic narrative that gives voice to sources usually pushed to the margins Dan Jones has written an authoritative survey of the holy wars with global scope and human focus
