Mack tossed hot fries into the self-evaporating pouch and reached for the Double Organism Pro™ burger that would complete the customer's order. "Beep!" the driver of the next Personal SpaceCraft in line blared his horn. "Hold your horses," Mack muttered mildly. It had been like this all day, with the line of waiting PSCs stretching so far back that they were constellations in the night sky. His feet were begging for a break, but Mack refused to leave his post. Lucia said she would come by AstroBurger today, and he knew that with his luck, if he left for even a second, he'd miss her.

"Boss wants to see you," Charlie interrupted. Mack shook his head. Surely it could wait. "Go on, Romeo," Charlie said. "I'll get you if she comes by." Mack immediately regretted telling his coworker about Lucia.

His boss had never liked him, so he was surprised to see that her smile was as bright as the sun. AstroBurger wanted to open a new location in Cometfield, she told him, and she wanted him to manage it. "Wow," he thought, frozen in place, his thoughts coming at him a mile a minute. He never expected a way out of his current dead-end job. It was a big slap up, and he would make in a lot more money. But Cometfield? As far as Lucia was concerned, it might as well have been Saturn. She hated the spaceburbs and would never drop by to see him there. Lucia's visits were the only part of the job Mack liked. His boss looked at him expectantly, and Mack decided to go with his gut.
