**Classical Guitar Music in Print** Donald T. Reese, 1998      Classical Guitar Music in Print ,1989      *The Spanish Literary Generation of 1968* William M. Sherzer, 2012-05-04 The Spanish Literary Generation of 1968 Jos Maria Guelbenzu Lourdes Ortiz and Ana Mar a Moix serves multiple purposes Most importantly it is an overview of an important moment in Spanish literary history that is connected to an extremely important moment in world history 1968 as well as what that year represents in many countries such as France Germany Mexico and the United States This text aims to show how young writers who were coming of age precisely at that moment incorporated into their novels the new ideas that they found in the writing of many foreign authors generally unknown to previous generations whose works were essential to their development The author has focused on three authors who he feels are most representative of their generation and follows with a lengthy study of the critical reception they have received over time Finally in an appendix one will find excerpts of an unpublished novel by Lourdes Ortiz and interviews with all three authors It is hoped that this text with its extensive bibliography will serve as a valuable source for students and professors alike      **Classical Keyboard Music in Print, 1993** ,1993
