Exploring Mormon Thought The Attributes Of God Vol 1:

Exploring Mormon Thought Blake T. Ostler, 2001-10-01 In this first volume Blake T Ostler explores Christian and Mormon notions about God Written for both Mormons and non Mormons interested in the relationship between Mormonism and classical theism his path breaking *Exploring Mormon Thought The Attributes of God* is a critique of classical theism regarding some of the central concepts that have formed the Christian understanding of God He deals with questions of traditional philosophical theology including free will and foreknowledge the nature of God and Christology The approach to these questions is from the analytic philosophical tradition and includes detailed arguments relating to the coherence of Christian belief scripture and practice However he recognizes that religious faith is far more a product of intimacy with the divine than of ultimacy of reason more a product of relationships than of logical necessities He provides an overview of the most influential Christian notions of deity exploring themes and resources within this discourse that might be helpful to Latter day Saint explorations Also highlighted are various perspectives within Mormonism itself including a detailed analysis of Joseph Smith s Lectures on Faith and discussion of the thought of Orson and Parley Pratt B H Roberts and John Widstoe Earlier Mormon thought is demonstrated to have included a concept of God as a being in process He suggests areas in which Mormon approaches to questions about free agency and God s omnipotence might suggest resolutions to some of the difficult issues that have troubled theologians and philosophers for centuries For the first time ever Ostler formulates a systematic Mormon Christology

Mormonism and the Emotions Mauro Properzi, 2015-05-21 *Mormonism and the Emotions* An Analysis of LDS Scriptural Texts is an introductory Latterday Saint LDS theology of emotion that is both canonically based and scientifically informed It highlights three widely accepted characteristics of emotion that emerge from scientific perspectives namely the necessity of cognition for its emergence the personal responsibility attached to its manifestations and its instrumentality in facilitating various processes of human development and experience In analyzing the basic theological structure of Mormonism and its unique canonical texts the objective is to determine the extent to which LDS theology is compatible with this three fold definition of emotion At this basic level of explanation the conclusion is that science and Mormon theology undoubtedly share a common perspective The textual investigation focuses on unique Mormon scriptures and on their descriptions of six common emotions hope fear joy sorrow love and hate For each of these emotional phenomena the extensive report of textual references consistently confirms an implied presence of the outlined three fold model of emotion Thus the evidence points to the presence of an underlying folk model of emotion in the text that broadly matches scientific definitions Additionally the theological examination is enlarged with a particular focus on the Mormon theology of atonement which is shown to play a significant role in LDS understandings of emotions A broad exploration of such areas as epistemology cosmology soteriology and the theological anthropology of Mormonism further contextualizes the analysis and roots it in the LDS theological worldview

Beyond Religion and the Secular Wayne Hudson, 2022-11-17

Deploying a distinctive disaggregative approach to the study of religion this volume shows that spiritual movements with extensive counterfactual beliefs have been much more creative than one might expect Specifically Wayne Hudson explores the creativity of six spiritual movements the Bah s a Persian movement Soka Gakkai a Japanese movement Ananda Marga and the Brahma Kumaris two reformed Hindu movements and two controversial American churches The Church Universal and Triumphant and the Church of Jesus Christ of Latter day Saints Most of these movements have counterintuitive features that have led Western scholars making Enlightenment assumptions to dismiss them as irrational and or inconsequential However this book reveals that these movements have responded to modernity in ways that are creative and practical resulting in a wide range of social educational and cultural initiatives Building on research surrounding the ways in which spiritual movements engage in cultural productions this book takes the international research in a new direction by exploring the utopian intentionality such cultural productions reveal

Exploring Mormon Thought: The attributes of God Blake Thomas Ostler,2001 **Dialogue** ,2003 A journal of Mormon thought *Revisiting Thomas F. O'Dea's The Mormons* Cardell K. Jacobson,John Patrick Hoffmann,Tim B. Heaton,2008 Revisits the life and work of Thomas F O Dea author of a landmark social science treatment of Mormon society and culture offering new insights about the LDS Church and its members

Exploring Mormon Thought Blake T. Ostler,2006-03-01 In volume 2 of the series Exploring Mormon Thought The Problems of Theism and the Love of God Blake Ostler explores issues related to soteriology or the theory of salvation He argues that the commitment that God loves us and respects our dignity as persons entails that God must leave us free to choose whether to have a saving relationship with him He explores the logic of love and argues that the LDS doctrine of a war in heaven embodies the commitment that God leaves us free to choose whether to enter into relationship with God He explores the nature of inter personal prayer and the contributions of LDS beliefs to a robust prayer dialogue He offers a view consistent with LDS commitments that makes sense out of asking God to assist others to alter the natural environment and to grow in relationship with God He then turns to the concept of grace and argues that the traditional views lead to insurmountable problems He argues that though God does not owe any obligation to us to give us grace God does so out of love However because divinity arises from loving relationships he argues that God could not fail to give sufficient grace to all persons and remain a loving God

Journal of Mormon History ,2005 **Exploring Mormon Thought** Blake Thomas Ostler,2001 Written for both Mormons and non Mormons interested in the relationship between Mormonism and classical theism his path breaking Exploring Mormon Thought The Attributes of God is a critique of classical theism regarding some of the central concepts that have formed the Christian understanding of God

Brigham Young University Studies Brigham Young University,2008 A voice for the community of LDS scholars **Forthcoming Books** Rose Arny,2002 **Subject Guide to Books in Print** ,2001 **Exploring Mormon Thought** Blake T. Ostler,2008-04-01 In his long anticipated third volume Of God and Gods Blake Ostler steps through the common complaint that Mormons aren t Christians because they

believe in three separate individuals in the Godhead as well as the deification of human beings He demonstrates the clear biblical understanding both in the precursors of the Old Testament and the New that Jesus and God the Father were not one in some incomprehensible substance while separate in person but were actually distinct individuals What made them one was their indwelling love It is that loving unity into which they invite human beings In language and thought accessible to the lay reader but simultaneously rigorous and scholarly Ostler analyzes and responds to the arguments of contemporary international theologians reconstructs and interprets Joseph Smith s important King Follett Discourse and Sermon in the Grove just before the Mormon prophet s death and argues persuasively for the Mormon doctrine of robust deification

Exploring Mormon Thought Blake T. Ostler,2020-11-05 The problem of evil is perhaps the greatest challenge to belief in a loving and personal God The challenge naturally leads us to ask Why God has this happened to me to my loved ones to my enemies Or to ask with the Psalmist Where art thou God Or to perhaps echo Jesus My God my God why hast thou abandoned me In this fourth volume of the Exploring Mormon Thought series God s Plan to Heal Evil Blake T Ostler examines how others in the Christian and Mormon traditions have attempted to provide solutions to this challenge and the shortcomings they contain Ostler then looks to Mormon theology to offer what he calls the Plan of Agape or what is perhaps the most robust explanation of how belief in a loving personal God can be had in light of all of the suffering that exists in the world

The Attributes of God Volume 1 A. W. Tozer,2007-02-14 The most important question For A W Tozer no question is more important than What is God like The desire to know God consumed his entire life and ministry That s why those who read him come to know God more intimately Originally preached as sermons at Southside Alliance Church in Chicago this first volume of The Attributes of God examines ten attributes of God It also includes a study guide for an in depth look at each attribute Infinite Immense Good Just Merciful Gracious Omnipresent Immanent Holy Perfect Steeped in Scripture and filled with the Spirit Tozer preached with striking clarity and power The sense of his sermons comes through on every page bringing the Word of God to bear upon you If a sermon can be compared to light then A W Tozer released a laser beam from the pulpit a beam that penetrated the heart Warren Wiersbe former pastor of The Moody Church [Religion Index Two](#)
