Extraordinary Guidance How To Connect With Your Spiritual Guides:

Extraordinary Guidance Liza Wiemer, 2010-02-17 Liza Wiemer opens doors to the soul that few of us realize even exist. Read this book, explore its methods, and open yourself to the wisdom to which each of us is heir. Rabbi Rami M. Shapiro, author of *Wisdom of the Jewish Sages*, a complete guide for readers of any religion. *Extraordinary Guidance* teaches how to contact the spiritual guides that watch over every soul and apply their wisdom for practical results in your everyday life, as well as for a richer spiritual life. In the late 1980s, channeling was the popular way to receive spiritual guidance. In the early 90s, angels became accessible. Now we know we can go directly to the source to the spiritual guides themselves, and Liza Wiemer reveals how everyone can contact his or her own spiritual guides for invaluable life guidance. *Extraordinary Guidance* explains what spiritual guides are and provides easy and effective step-by-step instructions for connecting with them, including how to get in the right state of mind to talk with these powers that guide us. Through examples and personal anecdotes of her own spiritual guide, Wil Wiemer shows how the discovery of the wisdom within enables people to make positive changes in their lives and help others to do the same, and ultimately to work toward bridging the gap between the spiritual and physical worlds.

Everyday Oracles Ann Bolinger-McQuade, 2013-07-11 It could be a cloud in the shape of a loved one's face or an extremely relevant song playing on the radio at the exact time of a friend's death. If we allow ourselves to stop, look, and listen, we can identify what spiritual teacher Ann Bolinger-McQuade calls personal oracles. And when we tune into these subtle messages from Spirit, we will discover guidance for navigating life's most trying situations. In this illuminating book, readers will learn that the universe is constantly conspiring in our favor and is ready to lend a helping hand when we need it most. If only we can look closely and open our hearts to the divine messages that are on display around us. Sharing stories of divine inspiration from her own life, as well as the lives of others, many of them well-known historical or contemporary figures, McQuade shows readers how.

A PAIR OF SPARROWS SAVE A MAN'S LIFE Journalist Byron Pitts narrowly escaped being hit by a car and saw a couple birds circling in front of him. The birds reminded him of the lyrics to his mother's favorite hymn: "His eye is on the sparrow, and I know He watches me." The comforting reminder of guidance and provision encouraged him to persevere in his challenging career in broadcast journalism, which was ultimately rewarded when CBS offered him a position on *60 Minutes*.

A LITTLE BOY BRINGS HOPE BACK INTO A WOMAN'S LIFE Nancy was reeling from her husband's recent diagnosis of AML, a rare form of leukemia, when a seven-year-old boy knocked at her door collecting donations for AML research. He smiled at her warmly as he told her how he had had AML since he was two, and then he announced proudly that a transplant had saved his life.

SIR ISAAC NEWTON'S APPLE WAS ACTUALLY AN EVERYDAY ORACLE Many are familiar with the story of how Sir Isaac Newton first discovered gravity when an apple fell on his head. It is a lesser-known fact that Newton was interested in the supernatural. Born in the 1600s, when astronomy and astrology were considered one and the same, the highly respected alchemist looked to the heavens to assist him in his quest to decode the mysteries of the universe. The

falling apple that arrested his attention acted as a personal oracle In addition to illuminating oracles through examples McQuade discusses the history and science of oracles in general and of personal oracles specifically offering the reader practical instructions for identifying and decoding the divine messages in their own lives *How to Connect with Your Spiritual Guide* Liza Wiemes, 1997 This book is a down to earth guide for a person of any religion or spiritual practice who wishes to form a closer relationship with their spiritual guides

Angels are greater than myth and meditation is more than a story together they are your answer to healing from within In a fast paced world with a 24 hour news cycle life can quickly seem like it s getting out of control and despite our best efforts it s difficult not to spiral into negativity Indeed anxiety disorders affect over 18% of the population every year but it doesn t have to be this way By training our personal strength and balance we can change our course and gain control of our bodies our minds and our emotions We have an extraordinary power within us all with the right guidance we can channel the positive energies of the universe to help us fight whatever obstacles are thrown our way The problem is not many people are aware of this and fewer still know how to harness this power Both meditation and angels are often dismissed as fanciful stories but there s far more to both of them than popular culture would have you believe The concept of archangels may sound religious and it s true that the archangels are associated with the Abrahamic religions but they re not exclusive to any one group The archangels are simply supernatural beings each with their own power and responsibility They care not for which religious group you belong to they are superior beings of light that help humans channel the energy of the universe and no matter what religion you may practice they re here to help you By understanding the powers of the archangels and learning how to channel their light you can gain clarity and control over your own life In *Angel Spirit Guides* Part I you ll learn what three of the archangels have to offer and how to channel their energies You ll discover A clear guide to understanding the first 3 of the 7 archangels An understanding of why the power of the archangels transcends organized religion Key scientific research illustrating the power and effectiveness of meditation An easy to navigate guide to understanding the energy all around you Straightforward techniques to help you channel the power of the archangels How to use meditation to flood your inner self with light and clarity Why the Archangel Gabriel deserves more than a passing mention in the school nativity Fully guided meditations to help you access the power that s already inside you And much more You d be forgiven for thinking that meditation has no scientific basis after all it s often made light of and dismissed for its airy fairy connotations But it s far more powerful than you might realize and there s scientific evidence to prove it The answer to self healing comes from within you all meditation does is light your path to get you there And that s why guided meditation is your answer Whatever your preconceptions about archangels may be know that they are extraordinarily

powerful and through understanding their powers you can connect with your own inner light and the positive energies of the universe Allow the light to come to you and see how you in turn can be the light scroll up and click Add to Cart right now
