The call for papers attracted papers from 31 countries from the continents. As a result, the I3E 2009 program offered 12 sessions of full paper presentations. The 31 selected papers cover a wide and important variety of issues in e-Business, e-services and e-society including security, trust and privacy, ethical and societal issues, business organization, provision of services as software and software as services and others. Extended versions of selected papers submitted to I3E 2009 will be published in the International Journal of e-Adoption and in AIS Transactions on Enterprise Systems. In addition, a 500 euros prize was awarded to the authors of the best paper selected by the Program Committee. We thank all authors who submitted their papers, the Program Committee members and external reviewers for their excellent work.

Grassroots Innovation Hemant Kumar, Gautam Sharma, 2024-06-21. This book explores the process of grassroots innovation in the context of the Global South. It explains why these bottom-up solutions developed by common people are generated due to a lack of available or affordable technology to meet their needs and how they are included in the mainstream imagination of the economy by studying these innovations in India. It analyses the grassroots innovation process from idea generation to its implementation. Detailing both theoretical and practical dimensions of grassroots innovation, the book provides a holistic understanding of the phenomenon by tracing its history in the pre-independence discourse on development to the present-day policies for institutionalizing these innovations in the mainstream. It will provide the readers with a bottom-up commentary on innovation and development in the context of the Global South in general and India in particular. It adopts a qualitative research design with a wide range of data collected through interviews, participant observations and field notes. The book contains seven chapters to describe the discourse, policy perspectives and current practice of grassroots innovations in general.
