Foreign to Familiar Sarah A. Lanier, 2000 *Foreign to Familiar* Sarah A. Lanier, 2000 *American Cultural Baggage* Stan Nussbaum, 2015-02-19 *Rooted* Banning Liebscher, 2016-05-03 You were born to make an impact in this world and you know it You feel it deep down in your bones Apathy is your nemesis and your hunger to change the world keeps you up at night But no matter how deep this hunger grows we can only make a meaningful impact if we are rooted in Jesus And here's the thing God is not interested in developing your vision first He is interested in developing you In *Rooted* Banning Liebscher takes us to the life of David to show how God expands our root system in the hidden places before leading us to where we all desire to go the visible world It was in a field of prayerful devotion a season of serving and a cave of community that God prepared David for his crown the same way God prepares us Take a look at your own life Are you embracing God's process the sometimes painstaking and maddening process When we can release ourselves to God we will find that we can thrive while He develops us rather than succumb to discouragement Whatever your age or season of life it takes immense courage to slow down enough to let God grow a root system in your life so that you can bear fruit that remains You are where you are because God has planted you there Discover what it looks like to embrace His process so you can do what He has called you to change the world

EXCERPT What do you do when you encounter someone who isn't like you How do you feel What goes on inside you How do you relate to him or her These are the kinds of questions we want to

explore in this book Few things are more basic to life than expressing love and respect for people who look think believe act and see differently than we do We want to adapt to the barrage of cultures around us while still remaining true to ourselves We want to let the world change us so that we can be part of changing the world And we want to move from the desire to love across the chasm of cultural difference to the ability to express our love for people of difference Relating lovingly to our fellow human beings is central to what it means to be human And when it comes down to it Christian ministry at its core is interacting with all kinds of people in ways that give them glimpses of Jesus in us The billions of us sharing planet Earth together have so much in common We re all born We all die We re all created in the image of God We eat sleep persevere and care for our young We long for meaning and purpose and we develop societies with those around us But the way we go about the many things we have in common is deeply rooted in our unique personalities and cultures So although we have so much in common we have as much or more about us that s different

A New Vision, a New Heart, a Renewed Call David Claydon,2005

God's Image and Global Cultures Kenneth Nehrbass,2016-08-26 Globalization has raised numerous questions about theology and culture for Christians How should we respond to outsourcing and immigration How does anti Western sentiment affect the proclamation of the gospel What is the role of the church in society This book argues that Christians will be most fulfilled and most effective if they embrace their cultural activity rather than feel ambivalent about it The central question of this book is how does bearing God s image relate to cultural activity Nehrbass explains that spheres of culture such as political technological and social structures are systems

that God has instilled in humans as his image bearers so that they can glorify and enjoy him forever Therefore a theology of culture involves recognizing that the kingdom of God encompasses heaven and Earth rather than pitting heaven against Earth The text surveys anthropological explanations for humanity s dependence on culture and shows that each explanation provides only partial explanatory scope The most satisfying explanation is that a major functional aspect of bearing God s image is engaging in culture since the Trinity has been eternally engaged in cultural functions like ruling communicating and creating Each chapter contains a summary and questions about what it means to be a world changer in the twenty first century
