Fall From Grace The Scribing Of Ishitar Volume 1:

Eerdmans Commentary on the Bible: Hosea Grace L. Emmerson, 2019-06-18 This extract from the Eerdmans Commentary on the Bible provides Emmerson's introduction to and concise commentary on Hosea. The Eerdmans Commentary on the Bible presents in nontechnical language the best of modern scholarship on each book of the Bible, including the Apocrypha. Reader-friendly commentary complements succinct summaries of each section of the text and will be valuable to scholars, students, and general readers. Rather than attempt a verse-by-verse analysis, these volumes work from larger sense units, highlighting the place of each passage within the overarching biblical story. Commentators focus on the genre of each text: parable, prophetic oracle, legal code, and so on, interpreting within the historical and literary context. The volumes also address major issues within each biblical book, including the range of possible interpretations, and refer readers to the best resources for further discussions.
