Fabri, Francesco Contini, 2001-10-31 Like systems and procedures in most areas of modern society the functioning of courts throughout the world has been enormously affected by information and communication technologies ICT It has become crucial for lawyers to keep pace with technical changes in judicial systems especially in international cases where an understanding of procedural variations from one system to another could spell the difference between success and failure This immensely valuable book has been written by experts who in various ways have actually been engaged in the planning and implementation of ICT in the courts of their respective countries To ensure information that is as homogeneous as

possible and to facilitate cross border comparisons the authors have followed a common and detailed blueprint which includes a brief description of the judicial system under discussion The papers were originally prepared for presentation at the first European Seminar on Court Technology held in September 2000 at the Research Institute on Judicial Systems IRSIG CNR in Bologna Italy The Seminar brought together delegates from the fifteen member countries of the European Union the Court of Justice of the European Communities Norway Venezuela and The World Bank to discuss topics related to court technology Overall the book offers an in depth up to date overview of methodology difficulties encountered and results so far achieved in the implementation of ICT in the European judicial systems Specific areas of court technology covered include case management systems electronic filing and electronic data interchange Although the emphasis is on EU Member States a general overview of ICT applications in some Latin American judiciaries is also provided Justice and Technology in Europe will be of great practical value to policy makers judges judicial personnel lawyers and ICT experts as well as to judicial administration scholars interested in ICT in the judicial systems and on the strategy and governance established to increase its diffusion Abstracts of Public Administration, Development, and Environment ,2008 **The Government of Namibia Goes DigITal** ,2005 An overview of websites and databases of central government in Namibia **Electronic Government** ,2008 This collection meets the need for quality authoritative research in this domain with an authoritative collection Studies from the electronic government researchers worldwide enable libraries in academic government and other settings to provide a collection on topics like digital government electronic justice government to government information policy and cyber infrastructure research and methodologies Provided by publisher Research EU ,2012 *Majalah konstitusi* ,2010 *The British National Bibliography* Arthur James Wells,2009 *South Africa Yearbook* ,2009 *Annual Report South Africa*.
