Dolezal,2011-11-09 The doctrine of divine simplicity has long played a crucial role in Western Christianity s understanding of God It claimed that by denying that God is composed of parts Christians are able to account for his absolute self sufficiency and his ultimate sufficiency as the absolute Creator of the world If God were a composite being then something other than the Godhead itself would be required to explain or account for God If this were the case then God would not be most absolute and would not be able to adequately know or account for himself without reference to something other than himself This book develops these arguments by examining the implications of divine simplicity for God s existence attributes knowledge and will Along the way there is extensive interaction with older writers such as Thomas Aquinas and the Reformed scholastics as well as more recent philosophers and theologians An attempt is made to answer some of the currently popular criticisms of divine simplicity and to reassert the vital importance of continuing to confess that God is without parts even in the modern philosophical theological milieu      *The Attributes of God Volume 1* A. W. Tozer,2007-02-14 The most important question For A W Tozer no question is more important than What is God like The desire to know God consumed his entire life and ministry That s why those who read him come to know God more intimately Originally preached as sermons at Southside Alliance Church in Chicago this first volume of The Attributes of God examines ten attributes of God It also includes a study guide for an in depth look at each attribute Infinite Immense Good Just Merciful Gracious Omnipresent Immanent Holy Perfect Steeped in Scripture and filled with the Spirit Tozer preached with striking clarity and power The sense of his sermons comes through on every page bringing the Word of God to bear upon you If a sermon can be compared to light then A W Tozer released a laser beam from the pulpit a beam that

Tommy Thompson, 2021-02-23 The purpose of this book is to fight against the lies of Satan with indisputable facts of absolute truth found only in the Word of the Lord otherwise known as

the Bible These indisputable facts addressed in this book answer the following questions Is God capable of causing His Holy Scriptures to reach us today accurately translated from the original languages in which they were written Is God capable of speaking into existence out of nothing the trillions of galaxies that make up the heavens and the universe Is God capable of causing His absolute truth to be applicable to all of us today thousands of years after His absolute truth was actually written Is God capable of truly blessing the nation whose God is the Lord Is God capable of expressing to us that which is true forgiveness Is God capable of fulfilling His promise of eternal life Satan s answer to all of these questions is a resounding No God is not capable The research in this book details people and organizations who have offered indisputable facts that God is capable of accomplishing all of the above It is my fervent desire to get this book into the hands of as many people as possible so that it can be used as a tool to fight the lies of Satan and more importantly promote the absolute truths found in the Word of the Lord otherwise known as the Bible It is my fervent prayer that the information and suggested actions in this book are used as tools to promote the absolute truths that God really does bless the nation whose God is the Lord and that the Word of the Lord otherwise known as the Bible is just as applicable in our lives today as it was when it was written all of those thousands of years ago 2
