Early Mormonism And The Magic World View:

Early Mormonism and the Magic World View D. Michael Quinn, 1987 During his apprenticeship to become a prophet 1820 30 Joseph Smith Jr learned from village mentors how to use a divining rod a seer stone a hat to shield his eyes in order to see hidden treasures and amulets incantations and rituals to summon spirits In this impressive study of Mormon origins and Christian mysticism Quinn demonstrates how different from current norms early American religious practices could be Copyright Libri GmbH All rights reserved

Early Mormonism and the Magic World View D. Michael Quinn, 1998 **A Republic of Mind and Spirit** Catherine L. Albanese, 2007-01-01 In the nineteenth and early twentieth centuries Mexicans and Americans joined together to transform the U S Mexico borderlands into a crossroads of modern economic development This book reveals the forgotten story of their ambitious dreams and their ultimate failure to control this fugitive terrain Focusing on a mining region that spilled across the Arizona Sonora border this book shows how entrepreneurs corporations and statesmen tried to domesticate nature and society within a transnational context Efforts to tame a wild frontier were stymied by labour struggles social conflict and revolution Fugitive Landscapes explores the making and unmaking of the U S Mexico border telling how ordinary people resisted the domination of empires nations and corporations to shape transnational history on their own terms By moving beyond traditional national narratives it offers new lessons for our own border crossing age

The Sword of Laban William D. Morain, 1998 Dr Morain s remarkable psychological study of Joseph Smith Jr will be of interest to a wide spectrum of readers as a social history religious biography an account of the dissociative elements in poetic and spiritual genius or simply a gripping portrait of an ill fated and tragic man

Awash in a Sea of Faith Jon Butler, 1990 Challenging the formidable tradition that places early New England Puritanism at the center of the American religious experience Yale historian Jon Butler offers a new interpretation of three hundred years of religious and cultural development Butler stresses the instability of religion in Europe where state churches battled dissenters magic and astonishingly low church participation He charts the transfer of these difficulties to America including the failure of Puritan religious models and describes the surprising advance of religious commitment there between 1700 and 1865 Through the assertion of authority and coercion a remarkable sacralization of the prerevolutionary countryside advancing religious pluralism the folklorization of magic and an eclectic syncretistic emphasis on supernatural interventionism including miracles America emerged after 1800 as an extraordinary spiritual hothouse that far eclipsed the Puritan achievement even as secularism triumphed in Europe Awash in a Sea of Faith ranges from popular piety to magic from anxious revolutionary war chaplains to the cool rationalism of James Madison from divining rods and seer stones to Anglican and Unitarian elites and from Virginia Anglican occultists and Presbyterians raised from the dead to Jonathan Edwards Joseph Smith and Abraham Lincoln Butler deftly comes to terms with conventional themes such as Puritanism witchcraft religion and revolution revivalism millenarianism and Mormonism His elucidation of Christianity s powerful role in shaping slavery and of a

subsequent African spiritual holocaust with its ironic result in African Christianization is an especially fresh and incisive account Awash in a Sea of Faith reveals the proliferation of American religious expression not its decline and stresses the creative tensions between pulpit and pew across three hundred years of social maturation Striking in its breadth and deeply rooted in primary sources this seminal book recasts the landscape of American religious and cultural history *Faith Crisis, Volume 1: We Were NOT Betrayed!* L. Hannah Stoddard, James F. Stoddard III, 2020-04-06 After working with thousands of struggling members of The Church of Jesus Christ of Latter day Saints over many years the authors decided to write a book offering hope and answers for those struggling with faith crisis Unbeknownst to the general Church membership the 20th century would witness an organized effort to rewrite Latter day Saint history from within its own ranks In a head to head behind the scenes battle traditional leaders resisted intellectual progressives working in the Church History Department and at BYU who claimed some forty years ago that it would take a generation to re educate the Church membership Where are we in this attempted re education What is the New Mormon History and how does it personally affect you and your family Join us as we explore newly available diaries review old books and bring untold history into the light Progressives claim the Church covered up its history for nearly 200 years Is the current faith crisis stemming from unmasked history or new interpretations Why did New Mormon Historians insist Hofmann s forgeries were legitimate even when investigators provided convincing evidence to them of the hoax How did Bruce R McConkie know Hofmann s Joseph Smith III blessing was a fake despite authentication by document experts and pressure by historians calling him incompetent for questioning Who were the Swearing Elders How did this group of progressive Latter day Saints reshape the identity of Mormonism Why did Carol Lynn Pearson and Leonard Arrington share cards that read History is on our side as long as we can control the historians Leonard Arrington shared that an invisible higher power commissioned him to rewrite or reconstruct our dominant narrative of the Restoration Did God want our history changed Why did Leonard Arrington say the First Vision Nephites and gold plates were part of the Mormon myth Why did Leonard Arrington note that if he were honest about his beliefs not many Latter day Saints would want him to teach their children How did this affect his career as Church Historian and later at BYU Progressives working in the Church History Department and at BYU claimed 40 years ago it would take a generation to re educate the Church Where are we in this re education The research and findings in this volume are truly history altering Using newly released documents combined with deep knowledge of Church History the Stoddards are bringing to light what could be termed a soft coup d tat of the Church s scriptures and prophets by progressive historians bent on altering its history Hold tight to your faith in the history held by the church for over 150 years and the teachings of our prophets as you discover how deep this attempted takeover has infiltrated and altered our sacred history Rod Meldrum researcher best selling Latter day Saint author international lecturer Years ago we stopped going to church Suddenly God awakened me and brought me back into the fold As I hungered and learned more about the restoration it was upsetting to hear things being

said about Joseph that I KNEW were not true I hit a major faith crisis Right as I was about to leave the church and follow another sect that follows the teachings of the Book of Mormon I read the Stoddard s Faith Crisis book This book along with promptings and teachings from the spirit helped me navigate through many questions This book only helped grow my testimony of the truthfulness of the restoration of the gospel and of the church of Jesus Christ of Latter Day Saints I now stand strong in the Faith and know that I am in the only true church I m so thankful for the Joseph Smith Foundation and the many hours put in toward helping others stay strong in the Church of Jesus Christ of Latter Day Saints Latter day Saint mother of six

The Millenarian World of Early Mormonism Grant Underwood,1993 This book provides the most detailed study yet of early Mormon thought about the end times Underwood shows how Mormonism from 1830 to 1846 was profoundly influenced by its views of an imminent second coming of Christ and millennial transformation of the earth In particular the book explores the ways in which early LDS interpretation of the Bible and the Book of Mormon affected and was affected by Mormon millennial doctrines The book represents the first comprehensive linkage of the history of early Mormonism and millennial thought areas in which before now cross pollination has been occasional at best The author also places Mormon millennial thought in the broader context of Judeo Christian ideas about the end of the world He shows for instance how Mormons rejected the predominant nineteenth century American view that religious revivals and foreign missions rather than the personal return of Christ would usher in the millennium Probing LDS perceptions of the institutions and values prevalent before the Civil War Underwood demonstrates how the early Mormons actually were quite moderate contrary to earlier views of them as countercultural or even revolutionary In fact Underwood points out the Mormons are an excellent example of a millenarian group that could level a withering critique at the world around them yet remain very much a part of the dominant culture

Mormonism Kurt Van Gorden,2016-09-06 With their strong emphasis on traditional family values education discipline and service Mormons sound and look more Christian than many believers At first glance there seems to be little to criticize in what they say or do But peel back the fa ade and you find a cult with its roots in immorality and heresy The story of the Mormon Church is one of in fighting racism polygamy and violence Often even the members of the group don t know the full truth about either the history or the teachings of this fast growing church Why this series This is an age when countless groups and movements old and new mark the religious landscape in our culture leaving many people confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully these books provide essential information and insights for their spiritual journeys Each book has five sections A concise introduction to the group An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group The writers of these volumes are well qualified to present clear and reliable information and help us discern religious truth from falsehood

The LDS Worldview

Bruce R. Josephson,2001 Offers a sympathetic explanation of the worldview of The Church of Jesus Christ of Latter day Saints LDS and gives some understanding of how the LDS worldview acts as a new way of interpreting Christianity by challenging Christian orthodoxy Presents the church s worldview in its own terms looking at sources the LDS conception of time and the stages of humanity the LDS worldview s implicit critique of Catholics and Protestants and the concept of cyclical history There is also material on church offices and organization family life and blacks and the priesthood Author information is not given c Book News Inc **The William E. McLellin Papers, 1854-1880** William Earl McLellin,2007 McLellin wrote further I heard Joseph Smith tell his experience of his ordination and the organization of the church probably more than

twenty times to persons who near the rise of the church wished to know and hear about it I never heard of Moroni John the Baptist or Peter James and John McLellin believed that angels had visited Joseph Smith but not that human beings could become angels a teaching not yet current in the 1830s or that priesthood authority could be conveyed in that way

Everything You Ever Wanted to Know about Mormonism John Ankerberg,John Weldon,1992 This definitive work covers every aspect of the history beliefs and practices of this influential American religious sect An indispensable one volume library on the subject *Everything You Ever Wanted to Know about Mormonism* comprehensively traces the roots of Mormonism and examines all of its major doctrines **Mormon Historical Studies** ,2005 **Journal of Mormon**

History ,2006 *Saints Herald* ,1887 **Mormonism and the Nature of God** Kurt Widmer,2000 Until the latter part of the twentieth century Mormonism has been presented in scholarly reconstructions as a religion that has not changed significantly from its beginnings that presently held beliefs existed as a central core of doctrine at the church s founding in 1830 The author argues instead that the development of Mormonism has been primarily due to external events popular cultural philosophical religious and scientific and that these influences have led to the emergence of several streams of thought that are actually in opposition to the early beliefs of the church Arguably Mormonism can be seen as a reflection of the development of American society and culture from the early 1800s to the present The major aim of this work is to establish a proper chronology for the development of Mormon thought specifically in its concept of the nature of God The book contains a comprehensive bibliography and index **Dialogue** ,2006 A journal of Mormon thought **The Oxford**
